

CALCULATE YOUR CORE GPA:

1. Enter the grades you have for each course below. (You can enter grades for courses that you have not taken yet or leave those fields blank.)
2. Substitute the letter grade with its corresponding point value: **A = 4, B = 3, C = 2, D = 1, F = 0**
3. Total your points and divide the total by the number of classes you recorded.
